DREAMERS

LIGHTNING LANE *Guidebook*

"It's kind of fun to do the impossible."

- Walt Disney

LIGHTNING LANE PASSES EXPLAINED

LIGHTNING LANE PREMIER PASS

- Premier paid service – per person per day with date-based pricing
- Ride EVERY ride included in all the Lightning Lane Single and Multi Passes within that park at ANY time once throughout the day
- No park hopping allowed with this pass – you can only get 1 park per day with this pass
- No planning needed. Just show up when you're ready to ride!

LIGHTNING LANE MULTI PASS

- Paid service – per person per day with date-based pricing
- Plan 3 attractions for 1 park per day in advance, and book others day-of after redeeming a lightning lane (subject to availability)
- Save time not waiting in standby lines
- Available at more than 45 attractions and experiences throughout Magic Kingdom, Hollywood Studios, Epcot, and Animal Kingdom
- Includes some attraction PhotoPass offerings for the day

LIGHTNING LANE SINGLE PASS

These rides are NOT included in Lightning Lane Multi Pass and are available as Lightning Lane Single Passes to save time waiting in line for an added fee. Pricing and availability will vary by date and attraction

Lightning Lane Single Passes available for purchase:

Magic Kingdom:

Seven Dwarfs Mine Train
Tron Lightcycle Run

Epcot:

Cosmic Rewind

Animal Kingdom:

Avatar Flight of Passage

Hollywood Studios:

Rise of the Resistance

LIGHTNING LANE PREMIER PASS

When you add Lightning Lane Premier Pass, you don't have to pre-select any rides like you do with the Multi Pass. You get access to all the rides that are typically included in Lightning Lane Multi Pass and Single Pass in that park. This is a premium pass that's a step below a VIP tour and perfect for special occasions or once-in-a-lifetime trips!

Premier Pass Pricing

Pay per guest per day. Less attraction-heavy parks will likely have lower pricing per guest similar to Genie+

What's Included

Ride one time on all Lightning Lane attractions & some photo pass downloads

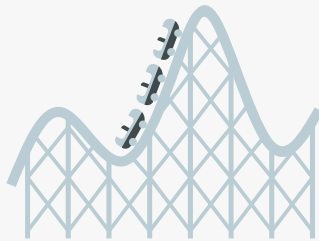

How to Purchase

Available as individual days in the My Disney Experience mobile app starting at **7:00 am EST 7 days*** before the first day of your visit to Walt Disney World Resort. Plan up to 14 days after that at the same time!

Select Your Park

via the My Disney Experience mobile app at **7:00 am EST 7 days*** before your visit. After that, you won't have to book any rides, even the day of your park visit! If you're park hopping and need to also purchase a Multi Pass or Single Pass, you can do that at this time as well. Make sure you plan for all of the park days of your trip (up to 14 days) before this window opens

No Need to Book Additional Lightning Lanes with Premier Pass

Unlike Lightning Lane Multi Pass, you do NOT have to book an additional Lightning Lane selection directly after scanning into each ride you've booked

A Note on Pricing

Lightning Lane Premier Pass is a significantly more expensive option than Lightning Lane Multi Pass. The Premier Pass is meant to be like a VIP Tour but without the larger group, park hopping, and the guide who walks you around the parks.

This pass is perfect for a special occasion (honeymoon, birthday, retirement, etc) or for that truly relaxing, phone-free trip. I don't expect every guest to be able to afford this option or want to spend this amount money on it. This is not for every trip, and that's okay!

*Guests of a Disney Resort hotel and other select hotels can purchase 7 days in advance of their check-in day; all other guests can purchase 3 days in advance of their first park visit

LIGHTNING LANE MULTI PASS

When you add Lightning Lane Multi Pass, you can pre-plan arrival windows per day for select Lightning Lane entrances at 3 attractions 7 days* prior to your arrival. Once you arrive and redeem a Lightning Lane, you can reserve another (subject to availability). You can also park hop with this pass!

Multi Pass Pricing

Pay per guest per day. Less attraction-heavy parks will likely have lower pricing per guest similar to Genie+

What's Included

Most attractions & some photo downloads

How to Purchase

Available as individual days in the My Disney Experience mobile app starting at **7:00 am EST 7 days* before the first day of your visit**. Plan up to 14 days after that at the same time!

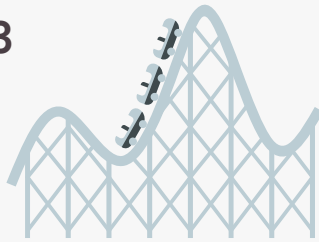

Select Your First 3 Attractions

via the My Disney Experience mobile app at **7:00 am EST 7 days* before your visit**.

Depending on the park, you may have to choose up to 1 ride from Tier 1 attractions and 2-3 rides from Tier 2 attractions.

We'll also select your arrival windows for your first 3 attractions. These will be selected prior to purchasing. *We can also purchase Lightning Lane Single Passes at this time as well.* Make sure you plan for all of the park days of your trip (up to 14 days) before this window opens. You can also modify your attractions and return times if needed (subject to availability)

Booking Additional Lightning Lanes with Multi Pass

You may be able to book an additional Lightning Lane selection directly after scanning into each ride you've booked (subject to availability)

Lightning Lane EPCOT Example:

7am EST, 7 days before arrival: With LL Multi Pass, we booked Remy's Ratatouille Adventure for 9:30-10:30 am, Spaceship Earth for 12-1 pm, and Mission: SPACE for 2-3 pm. We also bought Lightning Lane Single Pass for Cosmic Rewind from 10-11 am

9 am: Park opens

9:30 am: Scan into Remy's and immediately book Frozen Ever After using LL Multi Pass for 2:30 - 3:30 pm

10 am: Ride Cosmic Rewind

12 pm: Scan into Spaceship Earth and book Test Track for 5-6 pm

2 pm: Scan into Mission: SPACE and book Soarin' for 4-5 pm

2:30 pm: Scan into Frozen Ever After and book Living with the Land for 4:05-5:05 pm

4:05 pm: Scan into Soarin'

4:30 pm: Scan into Living with the Land

5 pm: Scan into Test Track

Total Rides Done: 8 before dinner!

Lightning Lane Single Passes

These rides are separate and available for a added fee. Pricing and availability will vary by date and attraction. There is a max of 2 different single passes per day per guest. The price of each varies daily, but prices for Individual Lightning Lanes are typically between \$15-\$25 per person

- Seven Dwarfs Mine Train
- Tron Lightcycle Run
- Guardians of the Galaxy: Cosmic Rewind
- Rise of the Resistance
- Avatar Flight of Passage

*Guests of a Disney Resort hotel and other select hotels can purchase 7 days in advance of their check-in day; all other guests can purchase 3 days in advance of their first park visit

LIGHTNING LANE MULTI PASS STEP BY STEP

1 Reserve Your First 3 Attractions

I'll help you reserve your first 3 attractions per park day at 7 am EST 7 days* prior to your arrival. Remember your first 3 attractions have to be at the same park, even if you have a park hopper ticket.

*If you are staying on-property, you can purchase your LL passes at 7:00 am EST 7 days prior to your trip. If you're staying off-property, you can purchase your LL passes 3 days prior to your first park day

2 Scan & Book the Next Lightning Lane

After you have scanned for your first attraction, go on the app and select your next attraction. This next attraction can be at a different park, so keep this in mind if you're park hopping.

Make sure you remember to book! This can be very easy to forget, so think about that Mickey light when you scan in as your green light to book your next attraction (pending availability)

3 Purchase Lightning Lanes

Once we've selected your attractions and return times for each of your park days, we'll purchase LL Multi Pass and any LL Single Passes you want for all members in your party. Each member in your party must have valid theme park admission.

Children under 3 will not need any Lightning Lane passes and can ride with any adult that has a Lightning Lane pass!

4 Rinse & Repeat

Repeat this cycle of reserving an attraction time, riding an attraction via Lightning Lane, and selecting another. Try to balance faster return times with your must-do rides!

The 2-hour window no longer exists like it did with Genie+, so be sure to adjust your schedule accordingly

WHAT TO DO BEFORE YOUR ADVANCED BOOKING WINDOW OPENS:

Make sure to have everyone in your party linked as Friends & Family and their plans are updated BEFORE your booking window opens. Let me know if you need help with this!

Know which attractions are most important to you and your family at each park so you're prepared when it's time to select your rides.

If a return time doesn't work best for your schedule, keep trying to modify it to see if a better time comes up. If not, try to work more popular rides into your schedule and modify less popular rides

LIGHTNING LANE MULTI PASS TIPS

1
one

KNOW YOUR INITIAL BOOKING WINDOW

Similar to FastPass, knowing when your booking window opens is going to be key to getting the attractions you want! Your best attraction + return time selections are going to be available right when your booking window opens. Ensure you've communicated to me which passes you want prior to your initial booking window opening!

GREEN MEANS GO!

Directly after you scan into a ride and get the green Mickey symbol, you can schedule another ride (pending availability). Green means go, so go grab your next attraction as soon as you scan in! Try to prioritize picking another Tier 1 ride, as those are the most popular attractions that typically have the longest standby wait times

2
two

FINDING THE BEST TIMES

The most popular rides may run out of time selections faster. Snag whatever 1-2 rides you *really* want to do first per park day, while also keeping availability in mind. Keep checking if a ride has sold out or doesn't have the time you want - people may change their Lightning Lane selections, which in turn opens up more times

3
three

LIGHTNING LANE MULTI PASS TIPS

BUSY TIMES OF THE YEAR

Attraction availability is much more limited during the busier times of the year. If you're visiting during a busy time, be open & realistic about this before purchasing during these times. Lightning Lane Single Passes still seem beneficial if you're able to grab them before they sell out!

PARK HOPPING

During your initial booking window, all 3 attractions with Lightning Lane Multi Pass have to be booked at the same park. Once you're at the parks and scan into your first ride, you can then book a lightning lane for another park. Make sure the return window works with when you're planning to park hop and your other booked attractions!

ANYTHING CAN CHANGE!

Disney is consistently changing, so be sure to pack your patience, as this system could change at any time! I'll ensure I stay on top of any changes that could impact your trip and communicate them to you as soon as possible

RIDES BY PRIORITY

for each park

INCLUDED IN LIGHTNING LANE MULTI PASS

Tiers for initial booking window
